

# Impact Learning is focussed on driving and securing 2 core elements

WordPower Express

**the rapid solution  
to securing  
language and literacy  
acquisition**

*Learner centred, knowledge led; a programme  
that stimulates and rapidly accelerates  
spelling and reading acquisition,  
across all age and ability groups*

Radically increases the acquisition of vocabulary,  
and the application of language  
and communication skills, for all students

Rapidly transforms each student's ability to apply  
orthographic skills and take learning risks,  
triggering a voracious appetite for discovering  
and using new words

Enables schools to provide proven, pragmatic,  
decisive intervention that expands  
teacher knowledge and achieves  
instant results

knowledge that delivers

## Teaching and embedding thinking and learning skills

*The Impact Learning 'toolkit'  
provides schools  
with a cohesive framework and mechanism  
to deliver 'personalized learning'  
throughout the curriculum*

Enabling staff and students to identify, model,  
and apply effective thinking and learning skills  
across the curriculum

Provides all staff with a toolkit and framework  
to instantly increase every student's capacity  
and aptitude for learning

Empowers staff to plan and deliver lessons  
that cognitively engage all age and ability groups

Revolutionises the quality of adult instruction  
and formative feedback

Secures the platform that radically enforces  
self reflection and assessment, increasing  
expectation, motivation and aspiration;  
thereby managing learning to manage behaviour

Ensures schools apply a proven mechanism  
that engages all members  
of the learning community  
in consistent and cohesive practice
